ClinViCON 2027

THIRD ANNUAL CLINICAL VIROLOGY CONFERENCE

"From Clinical Clue to Viral Proof: Closing the Diagnostic Gap"

4TH–6TH FEBRUARY 2027

All India Institute of Medical Sciences, Raipur

Raipur, Chhattisgarh

KEYNOTE SPEAKER

Dr. Gagandeep Kang

Director – Enterics, Diagnostics, Genomics & Epidemiology, Global Health, Gates Foundation, US

FIRST OF HER KIND

First Indian woman scientist elected Fellow of the Royal Society, editor Manson's Tropical Medicine

"VACCINE GODMOTHER"

Pioneering work on rotavirus epidemiology and vaccine development

AWARDS

Infosys Prize in Life Sciences; John Dirks Canada Gairdner Global Health Award

LEADERSHIP

Former Executive Director, THSTI Faridabad; former Professor, CMC Vellore

Pre-Conference Workshops

Thursday, 4 February 2027 · Limited to 50 participants per workshop

WORKSHOP 1

Molecular Diagnostics Bootcamp

From Sequence to Significance – Mastering Viral Diagnostics

CO-ORDINATOR

Dr John Fletcher G, CMC Vellore

1. **Assay Development & Validation:** From primer design to assay optimisation and validation.
2. **Sequence Analysis & Basic Bioinformatics:** Sequence alignment, phylogenetic analysis and antiviral resistance profiling.
3. **Clinical Virology & Diagnostics:** Case-based discussions on molecular test interpretation and troubleshooting.
4. **Quality Assurance:** Quality control and quality assurance in viral molecular diagnostics.

WORKSHOP 2

Diagnostic Dilemmas in Clinical Virology

Beyond the Report: Think. Interpret. Decide.

CO-ORDINATOR

Dr Ekta Gupta, ILBS, New Delhi

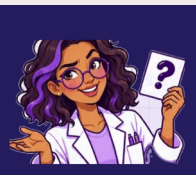

1. PCR positive – active infection, latent infection or residual shedding?
2. Discordant serology & molecular results – which test should guide you?
3. Low viral load / high Ct – when is detection significant?
4. Multiple pathogens detected – identifying the true culprit
5. Post-transplant viral infections – reactivation, primary or asymptomatic?
6. Congenital viral infections – maternal serology, fetal infection & neonatal PCR

LIMITED SEATS

Workshop fee ₹2,500 · Register early

CONFERENCE HIGHLIGHTS

- Clinical Approach to Viral Infections
- Diagnostic Advances
- Emerging Viral Threats & Surveillance
- Contemporary Issues
- Antiviral Stewardship
- Debate
- PG Quiz
